

The Kinderkey

Bearhugzzz SpaceSaver

A space saving version of our ever popular Bearhugzzz bed. Bearhugzzz SpaceSaver is a bespoke bed which can be made to fit any space. Its modular strong steel walls are encased in foam and covered with a waterproof, wipeable, antimicrobial fabric. The fabric is available in beautiful patterns and colours suitable for adults and children. It can be made freestanding up to 1500mm high. One or more of the sides can be fixed to existing walls and can be made to any height required. A wooden base is available to enable mobile hoist access.
